The U.S. Marshal Service has released the identity of the man suspected in a double shooting at a halfway house for federal inmates that left one person dead.

Jesse Espinoza Onofre, 49, is wanted by the Marshal Service for escaping the Bureau of Prisons' Halfway House in the 1500 block of North Pan Am Expressway.

A media release by the Marshal Service calls Onofre armed and extremely dangerous. Onofre has not been charged in connection with the shooting.

Onofre is described as being 5 feet, 9 inches tall and weighing about 190 pounds.

One of the men shot, Adam Puente, 19, died Sunday night at Brooke Army Medical Center.

The other man shot, Vicente Gomez, also 19, remains at BAMC in poor condition.

Puente and Gomez were shot at about 7:30 p.m. while watching television with several other residents. The shooter, who was in a wheelchair, had just come inside the house when he went up to his victims, racked his handgun and shot the men, according to witnesses and a police report.

Authorities have said the shooting involves Mexican Mafia members, but the motive for the shooting is not known.

The men involved in the shooting were serving out the final months of sentences related to drug convictions, authorities said.
